

PHARMACY CONTINUING EDUCATION:

I. Pharmacy Continuing Education Program Resources:

<http://www.acpe-accredit.org/pharmacists/programs.asp>

The Pharmacists' Learning Assistance Network (P.L.A.N.®) is a continuing pharmacy education information service provided to pharmacists through Accreditation Council for Pharmacy Education. A computerized compilation of all continuing pharmacy education programs offered by ACPE-accredited providers serves as the database for the service.

<http://www.pharmacychoice.com/education/ce.cfm>

This site maintains continuing pharmaceutical education requirements. This system provides access to dozens of courses and transcript management system keeps your CE information organized and accessible 24 hours a day, 7 days a week.

<http://www.powerpak.com>

Power-Pak C.E.™ is the source of continuing education for healthcare professionals. Accredited programs assist in meeting the requirements of licensure. Power-Pak C.E.™ online provides continuing education for the broad spectrum of health professions. This site features a searchable database of accredited courses on the latest therapeutics for today's healthcare professions. Power-Pak C.E.™ online customizes this site for each visitor by creating a personal participant profile.

<http://www.findthatce.com/>

FindThatCE.com is the internet's only Search Engine dedicated solely to continuing education for healthcare professionals. It's FREE and you can conduct detailed searches for continuing education programs that interest you.

II. FREE On-line Continuing Education Links:**Most sites below require registration on-site before one can access FREE CEs.
